

Colmore Charity & Care

Charity Insurance

With many years' experience and a passion for supporting this sector, the Colmore Charity & Care team can help guide your organisation through the risk exposures you face and provide bespoke policies and advice to protect against these. We'll work hard to ensure you're able to focus on the tasks that matter to you.

Charity Insurance

The cover options arranged by Colmore Insurance Brokers are backed by years of experience working with a large range of charity and not for profit organisations, from the top 20 UK charities to small community led initiatives and everything in between. Each client, no matter what their size, is important to us.

The requirements of any two organisations can differ substantially but commonly, they seek similar insurance covers. We can assist with:

- Establishing what assets you have and how to adequately protect these
- Ensuring that liability products extend to cover volunteers and any fundraising activities you undertake
- Reviewing your business interruption insurance to determine the most suitable cover for your organisation, be it gross profit, loss of revenue or additional costs
- Reviewing the services you offer to find out whether professional indemnity or other specialist covers are needed
- Outlining the exposures and protection provided by trustee indemnity cover and more importantly, entity cover
- Exploring any risks your organisation may face in relation to employment disputes, and designing cover that can offer protection from the legal costs in defending such claims

If you have not considered all the risks, and from our experience there are many voluntary organisations that haven't, then we can audit your current covers on a pro-bono basis to give you the confidence that you have adequate protection in place, your premium is at a level we feel is competitive and to identify any gaps in your insurance cover.

Some of the areas we can provide cover for include:

- Material Damage Cover to protect charity assets
- Business Interruption
- Crime
- Money
- Public and Employers' Liability
- Trustee and Entity Indemnity
- Cyber Liability
- Professional Indemnity
- Employment Disputes Liability
- One-off Event Insurance
- Personal Accident Cover for employees and volunteers
- Travel
- Motor
